

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200)

Revision date 01-Jul-2026

Revision Number 1

## 1. Identification

### Product identifier

**Product Name** Exceptional Metals - DefendEX MWP12T

**Product Code(s)** EM\_DEX\_MWP12T\_SDS

**Synonyms** High-Performance Cladding

### Other means of identification

### Recommended use of the chemical and restrictions on use

**Recommended use** For professional use only, Construction materials

**Restrictions on use** Not intended for consumer sale or use. Use only as directed.

### Details of the supplier of the safety data sheet

#### **Manufacturer Address**

Exceptional Metals is part of the Amrize family of brands  
Amrize Building Envelope LLC  
831 West Morley Drive  
Saginaw, MI 48601

Sales: 866-337-4599

Website: [exceptionalmetals.com](http://exceptionalmetals.com)

email: [info@exceptionalmetals.com](mailto:info@exceptionalmetals.com)

#### **Emergency Telephone**

For Chemical Emergency - Spill, Leak, Fire, Exposure, or Incident  
Call CHEMTREC  
Within USA and Canada Toll Free: 1-800-424-9300 Local: +1-703-527-3887  
Outside USA and Canada: +1-703-527-3887 (collect calls accepted)

## 2. Hazard(s) identification

### Classification of the substance or mixture

This product is not considered hazardous by the US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200).  
Exempt (manufactured article).

### Hazards not otherwise classified (HNOC)

Not applicable.

### Label elements

#### **Hazard statements**

No hazard statements required

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

**Other information**

Exempt (manufactured article).

**California Proposition 65**

**3. Composition/information on ingredients**

**Substance**

| Chemical name | CAS No. | Weight-%   |
|---------------|---------|------------|
| Article       | NONE    | 99 = < 100 |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

**4. First-aid measures**

**Description of first aid measures**

|                       |                                                                                                                         |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b> | Exposure to components of the product are limited due to the physical form of the product.                              |
| <b>Inhalation</b>     | Remove to fresh air.                                                                                                    |
| <b>Eye contact</b>    | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids.<br>Consult a physician. |
| <b>Skin contact</b>   | Wash skin with soap and water.                                                                                          |
| <b>Ingestion</b>      | Rinse mouth.                                                                                                            |

**Most important symptoms and effects, both acute and delayed**

|                            |                           |
|----------------------------|---------------------------|
| <b>Symptoms</b>            | No information available. |
| <b>Effects of Exposure</b> | No information available. |

**Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Note to physicians</b> | Treat symptomatically. |
|---------------------------|------------------------|

**5. Fire-fighting measures**

|                                       |                                                                                                         |
|---------------------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| <b>Unsuitable extinguishing media</b> | Do not scatter spilled material with high pressure water streams.                                       |

**Specific hazards arising from the chemical** No information available.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.  
Use personal protective equipment.

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Ensure adequate ventilation.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Collect spillage with a shovel and broom, or similar. Large, solid pieces can be picked up.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling** Use only as directed. This product presents no hazards under normal conditions of use.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep container tightly closed in a dry and well-ventilated place.

## 8. Exposure controls/personal protection

### Control Parameters

**Exposure Limits** This product, as supplied, contains materials that do not have reportable occupational exposure limits or are not subject to the reporting requirements of the local jurisdiction.

**Biological occupational exposure limits** This product, as supplied, contains materials that do not have reportable biological exposure limits or are not subject to the reporting requirements of the local jurisdiction.

### Appropriate engineering controls

**Engineering controls** Showers  
Eyewash stations

Ventilation systems.

#### Individual protection measures, such as personal protective equipment

|                          |                                                                                                                                                                                                                                                                                               |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye/face protection      | Appropriate eye/face protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.                                                                                                              |
| Hand protection          | Appropriate hand protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.                                                                                                                  |
| Skin and body protection | Appropriate skin and body protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.                                                                                                         |
| Respiratory protection   | Appropriate respiratory protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required. |

## 9. Physical and chemical properties

#### Information on basic physical and chemical properties

|                |                                                   |
|----------------|---------------------------------------------------|
| Appearance     | Article                                           |
| Physical state | Solid                                             |
| Color          | Various colors                                    |
| VOC content    | n/a g/L ( n/a lb/gal ) EPA Method 24 (as applied) |

| Property                                                  | Values                              | Remarks • Method |
|-----------------------------------------------------------|-------------------------------------|------------------|
| Melting point / freezing point                            | No data available                   | None known       |
| Boiling point (or initial boiling point or boiling range) | No data available                   | Not applicable   |
| Flammability                                              | Not applicable, material is a solid | Not applicable   |
| Flammability Limit in Air                                 |                                     | None known       |
| Upper flammability or explosive limits                    | Not applicable, material is a solid |                  |
| Lower flammability or explosive limits                    | Not applicable, material is a solid |                  |
| Flash point                                               | Not applicable, material is a solid | None known       |
| Autoignition temperature                                  | Not applicable, material is a solid | None known       |
| Decomposition temperature                                 | Not applicable, material is a solid | None known       |
| SADT (°C)                                                 | No data available                   | None known       |
| pH                                                        | No data available                   | Not applicable   |
| pH (as aqueous solution)                                  | No data available                   | Not applicable   |
| Kinematic viscosity                                       | No data available                   | Not applicable   |
| Dynamic viscosity                                         | No data available                   | None known       |
| Solubility                                                | Not applicable                      | None known       |
| Water solubility                                          | Not applicable                      | None known       |
| Partition coefficient                                     | No data available                   | None known       |
| n-octanol/water (log value)                               |                                     |                  |
| Vapor pressure (includes evaporation rate)                | No data available                   | None known       |
| Evaporation rate                                          | Not applicable, material is a solid | None known       |
| Density and/or relative density                           | No data available                   | Not applicable   |
| Bulk density                                              | No data available                   |                  |
| Liquid Density                                            | No data available                   |                  |
| Relative vapor density                                    | Not applicable, material is a solid | None known       |
| Particle characteristics                                  |                                     | None known       |
| Particle Size                                             | No data available                   |                  |

Particle Size Distribution No data available

Other information

Odor (includes odor threshold) Odorless

## 10. Stability and reactivity

Reactivity No information available.

Chemical stability Stable under normal conditions.

Possibility of hazardous reactions None under normal processing.

Conditions to avoid None known based on information supplied.

Incompatible materials None known based on information supplied.

Hazardous decomposition products None known based on information supplied.

## 11. Toxicological information

Information on likely routes of exposure

Inhalation Specific test data for the substance or mixture is not available.

Eye contact Specific test data for the substance or mixture is not available.

Skin contact Specific test data for the substance or mixture is not available.

Ingestion Specific test data for the substance or mixture is not available.

Symptoms related to the physical, chemical and toxicological characteristics

Symptoms No information available.

Acute toxicity No information available.

Numerical measures of toxicity No information available.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Skin corrosion/irritation No information available.

Serious eye damage/eye irritation No information available.

Respiratory or skin sensitization No information available.

Germ cell mutagenicity No information available.

Carcinogenicity No information available.

**DSL/NDL** - Canadian Domestic Substances List/Non-Domestic Substances List

**EINECS/ELINCS** - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

**ENCS** - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing Chemicals Inventory

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**AIIC** - Australian Inventory of Industrial Chemicals

**NZIoC** - New Zealand Inventory of Chemicals

**TCSI** - Taiwan Chemical Substance Inventory

### US Federal Regulations

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### **SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

#### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### **CAA (Clean Air Act)**

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level

pertaining to releases of this material.

### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals

#### **U.S. State Right-to-Know Regulations**

This product does not contain any substances regulated under applicable state right-to-know regulations

### U.S. EPA Label Information

**EPA Pesticide Registration Number** Not applicable

### Other Regulations

#### **International Living Future Institute - Living Building Challenge (LBC) - Red List**

This product does not contain Red Listed substances.
