

# ATR Hub

## Product Data Sheet

### Product Description

The ATR Hub eliminates the need for multiple penetrations and pitch pans in one small area.

- Fabricated from 24-gauge vinyl-coated metal and 6" PVC membrane skirt.
- The prefinished top replaces the need for pourable filler.
- Unused boots can be welded closed for future use.
- Available in white, tan, gray, and dark gray.
- Standard size is 8" x 8" x 14".
- For new construction only.
- Custom sizes available upon request.

### Installation

1. Install in accordance with EXCEPTIONAL® Metals' Detail #4047.
2. Any deviation from the requirements set forth in detail drawings must be pre-approved, in writing, by the EXCEPTIONAL Metals' Technical Department.

### Warranty

EXCEPTIONAL Metals offers a finish and substrate warranty. Contact the membrane manufacturer for any additional warranty that may be offered.

### Technical Services

Product samples, detail sheets, color chips, and color chart are available for your submittal package. For assistance with questions or submittals, contact your local representative or call EXCEPTIONAL Metals.
