

# Product Data Sheet

## DefendEX™ SS1500 Fixed Clip

Clip Style	Item Number
Galvanized Steel	W6810C0G00
Stainless Steel	W6810C0S00

### Description

DefendEX™ SS1500 Clips are specially designed to be used to attachment the DefendEX SS1500 Standing Seam Roof Panel. The clip design allows the upper tab to mechanically integrate into the double-lock seam.

Material only warranty available.

### Method of Application

1. Position the clips flush against the vertical seam.
2. Attach the clips to the roof deck using the appropriate fastener.
3. Position the adjacent panel flush against the installed clip.
4. Secure the panel by folding the outer vertical female leg 90° under the head of the male leg at the clip location.

**NOTE:** Install assembly according to the *Metal Roofing Design Guide* and the *Metal Roofing System Application Guide* found on the [Exceptional Metals website](#). Follow approved installation details.

### Storage

Store in unopened original containers protected from the weather.

### Packaging

1000 clips per carton

### Precautions

- Eye protection must be worn during the installation of fasteners.
- Do not overdrive or underdrive fasteners.
- Clips are designed to anchor SS1500 standing seam roof panels only.
- Cannot use fasteners larger than #14.
