

Fascia Base

Description:

The Fascia Base functions as a fascia bar and cove system, used with the 2-Piece Snap-On Cover. Can be used on eaves, allowing water to flow over the roof edge termination.

- Fabricated in 10' lengths and 3" – 8" widths.
- Manufactured from 24-gauge Galvalume®, 24-gauge stainless steel, and .050 aluminum.

Contact Duro-Last® or EXCEPTIONAL® Metals to request a color chart, samples and information regarding custom metals and finishes.

Energy Efficiency:

LEED® and ENERGY STAR® compliant; Recyclable.

Installation:

1. A wood nailer is required if 1" or greater of insulation is used.
2. This nailer should be attached to the wall in accordance with ANSI/SPRI ES-1 3.9.
3. Install in accordance with Duro-Last detail drawing #3560.
4. Any deviation from the requirements set forth in the detail drawings must be pre-approved, in writing, by the EXCEPTIONAL Metals Technical Department.

Codes and Standards:

- ANSI/SPRI ES-1 Compliant for 4" and 6" base.

Warranty:

Duro-Last offers a wide range of warranty coverage for EXCEPTIONAL Metals products when used with the Duro-Last roofing system, including paint and finish.

Technical Services:

Product samples, detail sheets, color chips, and color chart are available for your submittal package. For assistance with questions or submittals, contact your local representative or call EXCEPTIONAL Metals.
